

BULL RUN CHIROPRACTIC COVID-19 POLICY:

We are concerned about our patients' health and welfare during this time of stress and isolation. Chiropractic treatment and medical massage have been deemed essential by Governor Kate Brown and the State of Oregon.

We returned to seeing patients May 4, 2020. Strict protocol surrounding interactions between patients and the staff of Bull Run Chiropractic Clinic has been observed as Clackamas County entered "Phase one".

*Evaluation and chiropractic treatment of existing patients only initially.

*Medically necessary massage is available.

*Tele-medicine will not be used. Patients are encouraged to phone with concerns.

Appointments will be made by phone. Patients will be asked if they have been ill or have traveled out of the area. Patients will be asked to wait until the prior patient has exited the clinic.

*Patients' temperature will be screened for fever.

*A face mask will be provided for each patient.

*All staff members will wear masks. All patients must wear masks.

*Hand washing and hand sanitizer will be provided. All patients and staff will wash hands prior to and following treatment.

*All contacted surfaces of the clinic and treatment will be disinfected prior and after each patient entering the office.

*Masks for providers and patients will be single use and then laundered.

*Appointments will be scheduled over longer time periods to allow for cleaning to keep our patients' risk of infection as low as possible.
